

What makes a good Cover Letter?

Why B is a bad example

Problem	Explanation
Lack of substance	No experience provided in the letter
Generic phrase	The sentence: I can be a good worker
Unspecified job position	Doesn't provide the job position he want to apply
No contact info	Contact message was not given in the letter
Unprofessional language	Such as 『 I am really interested in chips and computers. 』

Why A isn't the best example

Problem	Explanation
Not showing the intention explicitly	
No examples to support her experience	I am a dedicated and detail-oriented professional with experience

Why Version (C) Is Not as Strong

[illegible]

Why D is a good example

Strength	Explanation
